Hi,

I visited the police in Haldwani for wedding permission yesterday. They said you can do a 50 person wedding at home only.

GOI has opened up hotels and other service industry outlets. Even Utrkhand govt. latest notice allows such establishments. In UP for wedding banquets are allowed.

It is better to do a wedding in a large banquet hall than in a small house. That way we can ensure social distancing much better.

I request you to please take this into account and allow us/and others to book banquet halls for a safe and healthy wedding.

Regards,
